WHO WE ARE

Our History

In May 2023, Edita entered the underdeveloped frozen bakery segment in Egypt via its newly established subsidiary, Edita Frozen Food Industries.

The expansion allows Edita to explore new segments and leverage its knowledge in providing a diverse range of products that cater to the needs of a larger consumer base.

To begin its venture into this segment, Edita launched a series of frozen croissants and puff pastries in different fillings in October 2023. With its strong business model, widespread presence, and diverse portfolio, Edita is determined to lead growth in the untapped frozen food market, creating value for both its customers and shareholders.
